Accidents and Injuries: Accidents and injuries happen when animals play and interact with each other. Not all dogs like each other and we do our best to pair dogs with the same temperament together. We separate puppies and older dogs and try to avoid injury. We take precautions to minimize dog fights by having multiple staff members/trainers on the floor with each play group. We do not put all dogs together on the floor but have separate play groups based on size and age to help minimize risk. **By enrolling your dog in our programs you are acknowledging and accepting the risk of injury to your dog.**

Illness – dogs that seem ill will not be admitted to daycare or play and train. There is always the possibility that your dog might pick up a virus etc. while playing with other dogs. Our staff will notify you if we have noticed anything in daycare or play and train so that you may take precautionary measures.

By signing the waiver and release form you are indicating that you understand the inherent risks of enrolling your dog in our program and accept responsibility and hold The Perfect Pup, LLC harmless should your dog get a virus, illness, or suffer any other type of physical injury.
